DETAILED ACTION

Response to Amendment

This office action is in response to the amendment filed November 10, 2005.

Accordingly, claim 1, 4, 5 and 28 were amended, claims 3, 30, 33 and 34 were canceled, and new claims 37-45 were added.

Currently, claims 1, 2, 4, 5, 11, 28, 29, 31 and 35-45 remain pending.

Allowable Subject Matter

Claims 1, 2, 4, 5, 11, 28, 29, 31 and 35-45 are allowed.

The following is an examiner's statement of reasons for allowance: none of the prior art of record, taken alone or in combination, fairly shows or suggests all the limitations as claimed.

Re claim 1, none of the prior art of record discloses the following limitations in combination with the rest of the limitations of the claim: removing non-diffused portions of the layer of material by chemical mechanical polishing after applying a laser beam to diffuse a portion of the material into the metal to form an electrically conductive trace.

Re claim 11, none of the prior art of record discloses the following limitations in combination with the rest of the limitations of the claim: removing non-diffused portions of the diffusion layer by chemical mechanical polishing after applying photo-thermal energy via laser beam to diffuse a portion of the diffusion layer into the metal layer.

Re claim 40, none of the prior art of record discloses the following limitations in combination with the rest of the limitations of the claim: removing non-diffused portions of the first material by chemical mechanical polishing after applying a laser beam to diffuse a portion of the first material into the second material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
